ADOPT ME

Rocky

Breed:	**Rottweiler mix**
Location:	Sonoma Humane Soiety
Sex:	Male
Age:	2 years
Description:	This is a very special dog who came from a horrible situation. Rocky was tied to a fence and beaten repeatedly resulting in a broken jaw, missing teeth and fractured skull. Luckily the good folks at Sonoma County Animal Care & Control nursed Rocky back to health and prosecuted his abuser. Today after several months, Rocky is free of any chronic health problems and ready for the loving home he deserves. Despite his past, Rocky is trusting of people, but needs to be introduced at a slower pace. He would prefer an adult only home without any other pets. Rocky already knows sit, stay, shake a paw and lay down. And he'll jump into your arms on cue. Ready to jump into his life?
